SUMMARY

Aspiring Software Developer with hands-on experience in **web development**, **data analytics**, and **SQL**. Skilled in **Python**, **JavaScript**, and **data visualization**, with a strong grasp of **technical design**, **troubleshooting**. Passionate about building **scalable solutions** that deliver actionable business insights

EDUCATION

Master of Computer Applications

May 2025

RV Institute of Technology and Management, Bengaluru, India

Bachelor of Computer Applications

September 2023

Community Institute of Commerce & Management Studies, Bengaluru, India

TECHNICAL SKILLS

Programming: Java, JavaScript, Python, C++

Front-end & Back-end: HTML5, CSS3, React

Tools & Databases: MySQL, firestore, MongoDB, Lovable, v0 dev

Others : Prompt Engineering, Excel

INTERNSHIP

Dyashin Technologies, Bangalore

Nov 2024 - Jan 2025

- Built responsive web interfaces using React.js, HTML, CSS, and JavaScript
- Integrated dynamic content via RESTful APIs and ensured cross-browser compatibility
- Improved performance and accessibility while working in an agile environment

PROJECTS

Employee Attendance Management System using Face Recognition, Postgraduate Project

Jan 2025 - March 2025

- Developed an IoT-based employee attendance system using Raspberry Pi and Firebase Firestore with real-time, server-independent facial recognition.
- Implemented edge-cloud architecture in Python using OpenCV, Picamera2, and Face Recognition library to capture and match 128-dimensional encodings for accurate identity verification.

Fashion E-Commerce Website, Postgraduate Project

Nov 2024 – Jan 2025

- Built a full-stack e-commerce platform using React.js, Node.js, CSS, and Bootstrap with secure user authentication and responsive UI.
- Developed an admin dashboard for product inventory management, enhancing control, scalability, and overall user experience.

Angel's Emphyrean Kindergarten, Postgraduate Project

Feb 2025 – April 2025

- Developed a responsive daycare website using **React.js**, **Node.js**, **CSS** and **Bootstrap** to ensure seamless user experience across all devices.
- Integrated features like gallery, Program details, FAQ accordion and contact section to improve accessibility and engagement.

ADDITIONAL INFORMATION

Certifications: Developed a website for Angel's Emphyrean kindergarten and completed an internship at Dyashin Technologies.

Languages : Kannada, English, Telugu
